## GMP Standards

All manufacturing process follow GMP standards

**We have more than 700 apiaries with 95,000 beehives.**

- Hengliang has over 700 apiaries according to EU standard 2092/91 regulation of Organic Agriculture Production
- Hengliang has apiaries with 95,000 beehives and 1,700 contracted beekeepers.
- Organic apiaries locate in National 5A Grade Scenic Area, the only apiaries in China that inspected by the EU FVO residue inspection team

Source Traceability System enables us to trace every batch back to specific apiary, place of origin, nectar, bee medicine application history. Therefore the quality of raw material is under control at the origin.
